

RF Termination Load (100 W DC-3 GHz, N-M)

- **Wide frequency band:**
DC-3GHz
- **Low pass intermodulation**
- **Low VSWR**
- **Low attenuation accuracy**
- **Widely used for in-building solutions**

Ascent RF load / termination is part of a wide selection of coaxial terminator products supplied for radio, antenna and other types of RF components for typical use, production, laboratory test and measurement, defense / military, etc. which are specifically made ready for quick shipment.

Our coaxial radio frequency load termination is manufactured in a RF load design with N connector. This N RF load is a male gender and has no chain.

Ascent's RF-TL-100W is a 100 W RF termination load. It features DC-3GHz frequency with N-M connector. It features low pass intermodulation, low VSWR, and low attenuation accuracy. RF-TL-100W is suitable for in-building solutions.

Key Features

- Wide frequency band: DC-3GHz
- Low pass intermodulation
- Low VSWR
- Low attenuation accuracy
- Widely used for in-building solutions

Specifications

Item	Description
Frequency	DC-3GHz
VSWR	≤ 1.2
Average Power	100 W
Impedance	50 Ω
Connector	N(M)
Color	Black
Weight	1.6 kg
Operating Temperature	-35 °C to +65 °C
IP Grade	IP54

Ordering Information

Product Name	Product Description
RF-TL-100W	RF Termination Load (100 W, DC-3GHz, N-M)
